This letter is to inform you that North Yorkshire County Council, will be undertaking essential gully cleaning and road sweeping maintenance works at the above locations.

The works are currently programmed to commence on **22nd September** on **Piercy End, Market Place** and **High Market Place** and then the works on **West End** and **Tinley Garth** will take place on the **23rd September**. Work will start each day at around **07:00** and we have had to suspend parking whilst the works are taking place. A plan showing the extent of the works is attached for your information. We have arranged that whilst these works are taking place drivers can park free of charge in the off road car park near Town Farm Close.

We apologise for any disruption these essential works may cause and will do our best to release the on street parking as soon as we can. To minimise the disruption we are aiming to make an early start and have arranged the works when we understand many businesses reduce their opening hours.

Advance warning signage advising of the works will be installed on site shortly. Pedestrian access will be maintained.

Please note, this work is part of an extensive programme and therefore, some adjustment to this start date or the duration of the works may be necessary should unforeseen circumstances such as significant weather events or emergencies on the highway network arise.

Operatives working on site will be observing all Government guidelines on safe social distancing.

To ensure the delivery of these works we request your assistance in the following ways:

- Please contact the Customer Resolution Centre on 01609 780780, to identify any special access needs you may have prior to work commencing.
- Please make arrangements to store your vehicle at an alternative location
- Please co-operate and comply with any instructions issued by the traffic management operatives and take extra care whilst within the works area.
