11. Kirkbymoorside 10k - To consider a request for the route of the children's 1 mile event to pass through Manor Vale.

The proposed route will enter along the Golf Club road to the forked pathway on the right (by Memorial Ash tree), up the track to join the bridleway at the Ancient Ash and then along the bridleway to exit the gate onto Castlegate.

16. Street Signs

a) To note that presently there are 11 street signs that require repainting/replacement

Report from Street Scene:

High Market Place	badly faded needs replacing or repainting
Tinley Garth top end memorial hall	badly faded needs replacing or repainting
West End (Mkt place end)	Completely painted over needs replacing
Piercy End	badly faded needs replacing or repainting
Market Place	badly faded needs replacing or repainting
Tinley Garth lower end	badly faded needs replacing or repainting
Swinehead Lane/Old Road	Just needs a good clean
Oxcroft opp Swinehead Lane	New legs for sign required
Ripley Close (Westfields)	badly faded needs replacing or repainting, would need new sign and legs
Lime Chase	badly faded needs replacing or repainting, would need new sign and legs
Springfield Lane	2 signs need replacing or repainting, would need new sign and legs

- b) To note the option of repainting the signs would retain their existing format and the cost of this would be covered by RDC provided it is equal to the cost of replacement and any additional costs would be payable by the Town Council**

COST OF REPLACEMENT BY RDC:

£1.15 per letter

For example a sign for Tinley Garth would be

1 x sign of 11 x 75mm letters = £12.65

If the word cul-de-sac appeared on it as well = 10 x 50mm letters = £7.70 (0.77 per letter)

A Pair of posts = £27.72

A Channel = £6.00

There would also be the costs of Streetscene to go out and fix the new signs which presently is £13.60/hr and it would take approx an hour to fix a sign to a wall and approx 2hrs if they had to dig out for the posts.

RDC will cover the costs of all materials and labour regardless of whether they needed posts or not.

Sam Hawes

Community Services Team Leader

Corporate Services

Ryedale District Council

COST OF INDEPENDENT CONTRACTOR TO RESTORE A SIGN:

Approximately £2.50 per letter depending on extent of damage e.g. Tinley Garth sign charged at £27.50

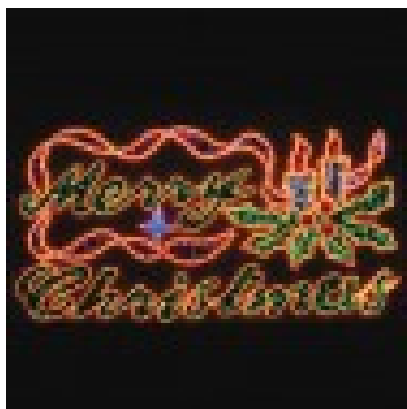

19. Christmas lights

- b) To consider the various design styles and agree a format for the replacement christmas lights**

LED 3D EATING/STANDING/RUNNING/LYING REINDEER BEADED CHRISTMAS LIGHT (H: 1.1m)

Price: £104.99 each

Ebay – out of stock but as a guide price

- 21. To note a recommendation by the Dog Warden to replace the 2 dog bag dispensers located outside the primary school and at the entrance to Old Road play area**

Date: Tue, 11 Feb 2014 12:54:40 +0000

The Dog waste bag dispensers are £79 each + vat and a galvanised post is £25 + vat also 4 no bandit straps@ £1.79 each to fix the dispensers to the posts, giving a grand total of £228.19 including vat, this quote excludes materials i.e. sand/gravel cement, labour and transport
