11. Neighbourhood Plan

What is Neighbourhood Planning? “ The Localism Act 2011 introduced statutory Neighbourhood Planning in England. It enables communities to draw up a Neighbourhood Plan for their area and is intended to give communities more of a say in the development of their local area (within certain limits and parameters).

These plans will be used to decide the future of the places where you live and work giving opportunities to:

Choose where you want new homes, shops and offices to be built

Have your say on what new buildings should look like

Grant planning permission for the new buildings you want to see go ahead.

The Department for Communities and Local Government has made £10.5m available to provide support and grants to help hundreds of areas across the country create neighbourhood plans.

Direct support from 25 February 2014 Once the monthly applications limit is reached, our website will announce that applications for direct support have closed until the beginning of the following month. These same restrictions will apply every month for the remainder of the programme, but **grant applications remain unchanged and can be submitted at any time.**

When to apply? The window for submitting expressions of interest for direct support will close once capacity for that month has been reached. Expressions of interest will open on the following dates: 25 February, 1 April, 1 May, 3 June, 1 July (future dates to be advised). If you are unsuccessful in one month, you may re-apply again the following month.

This does not affect grant applications, which will remain continuously open until the fund is exhausted.

Grants are available to support groups at all stages of the neighbourhood planning process, they range from £500-£7,000 and must be spent before the end of 2014.

15. Christmas lights

a. To note the response from NYCC Highways in respect of restrictions for street light designs on highways

On 11/03/2014 15:46, Richard Marr wrote:

I have no problems in general with your proposals, however, I need to stress that I cannot gauge the full impact of your plans without further details, e.g number, size, location etc Nevertheless, I am happy for you to put the decorations up, but if they prove too bright or are too much of a distraction to drivers, I reserve the right to alter my advice.

b. To consider the various design styles and agree a format for the replacement christmas lights

LED 3D EATING/STANDING/RUNNING/LYING REINDEER BEADED CHRISTMAS LIGHT (H: 1.1m)
