202	✓102823	5	Kirkby New s	Materials for '2014 Christmas Light	16.94
203	✓102823	5	JRA Services	Printing of certificates for Christmas	12.00
204	✓102823	5	Kirkbymoorside Library	Prizes for Christmas Lights Sw itch on	12.94
			Subtotal No. ✓102823		100.00
TOTAL					4,015.62

SPORTSFIELD ACCOUNT

Vchr	Cheque	Cd	Name	Description	Amount
193	✓100033	105	H Pickup M&E Services Ltd	Modifications to gas pipe w ork, install secondry meter in sportsfield changing rooms	578.40
TOTAL					578.40

7. Fracking

b. To consider and agree to form a policy

Anti-fracking motion passed by City of York Council on 9 October 2014.

The anti-fracking motion put forward by Labour Councillor Anna Semlyen was passed with a vote of 23 for, 11 against with 5 abstentions.

Fracking

This council believes that climate change is real and that it is a serious problem that is causing deaths and migration

That fracking (hydraulic fracturing for shale gas) adds to climate change,

Recognises the over 2100 name petition submitted by Frack Free York requesting a York Councillor decision on fracking

Asks that Councillors vote that York should, where possible, publicly state its position as wanting to resist planning applications for drilling for shale gas as this is likely to deter applications from drilling companies.

Motion passed unanimously by Hull City Council on 20 November 2014:

Shale Gas and Coal Bed Methane Extraction

That this Council:

- a) Notes the commitment of the Coalition Government for developing hydraulic fracturing (fracking) in the UK;*
 - b) Notes the recent protests against shale gas drilling in areas of East Yorkshire;*
 - c) Notes the controversy about both the supposed benefits of extracting on-shore gas resources and the local environmental impacts;*
 - d) Notes the recent evidence that 60-80% of world fossil fuel reserves need to be left in the ground if average global temperature rise is to remain within 2 degrees;*
 - e) Believes that UK shale gas and coal bed methane will add to the fossil fuel pollution burden;*
 - f) Notes that the millions of gallons of water, per well, needed for hydraulic fracturing to extract shale gas (known as fracking) would reduce water supplies in this region, which are also threatened by the impact of climate change;*
 - g) Notes the well-documented risk of groundwater contamination as a result of fracking, which would exacerbate the pressure on water supplies and put residents at risk, especially as the water supply to this city comes from the aquifers which are undergoing exploratory drilling at the moment;*
 - h) Notes the unavoidable increase in noise, visual intrusion and air pollution from heavy traffic in communities close to fracking sites;*
 - i) Will develop a Council policy on shale gas and coal bed methane extraction by referring this motion for a full scrutiny inquiry into the issue of 'fracking' including the evidence of ecological, geological and pollution associated with this method. To report back to Full Council as soon as possible.*
 - j) Will continue to attract appropriate funding for projects which increase energy efficiency, sustainability and self-sufficiency, stabilise energy bills, and create jobs in the green economy, and*
- Send a copy of this motion to the Secretary of State for Energy and Climate Change and the Minister of State for the Department for Energy and Climate Change.*
- k) This Council believes that the future for this region is in developing the potential of the green, renewable energy generation industry and moving away from depleting resources of fossil fuels that damage the environment and lead to climate change.*

8. Standing Orders

- b. To consider and agree a policy pertaining to photographing, recording, broadcasting or transmitting the proceedings of meetings of the Town Council and its committees.**

Photographing, recording, broadcasting or transmitting the proceedings of a meeting is permitted so long as this does not disrupt the meeting in any way. The content of the recording must remain a true record of the event. Any editing, animation or abbreviation of any kind is not permissible.

Suggested wording for inclusion on all meeting notices:

Photographing, recording, broadcasting or transmitting the proceedings of a meeting is permitted so long as this does not disrupt the meeting in any way. As a matter of courtesy should you wish to record the meeting please make this known to the Chair.

14. 2014 Christmas Event

- a. To thank all the volunteers involved in the 2014 Christmas light switch-on**

Mark Robinson
Paul Featherston
Anthony Barnet
Darren Collier
Shane Johnson
Doug Taylor

Phil Ward
Sid Brackley
Stricklands Staff: Alex and Edward Strickland, John and Mark
Phil Gospel

b. To note receipt of thanks from the Kirkbymoorside & District Camera Club

Dear All

Just a quick thank you to everyone for making today's exhibition in the Moorside Room Kirkbymoorside such a success.

We had 120 visitors and not all members!

My thanks to all who contributed images and volunteered to help.

A big thank you to Mike Ward, Janet and Richard Burdon for both setting-up and dismantling, plus stewarding the event.

Our thanks to Kirkbymoorside Town Council for inviting us to hold the exhibition in their newly refurbished Moorside Room.

Regards.

Colin
