20 November 2017

Lisa Bolland, clerk to Kirkbymoorside Town Council

**Re: Phase 3, replacement of SOX and Fluorescent lanterns**

The estimate to carry out phase 3 (41 town lights) is £15620 + VAT.

This work includes the following:-

Replacing all the remaining SOX and fluorescent lanterns with either 10W, 20W or 30W LED lanterns, depending on location. This will also include replacing some of the sub-standard pole mounted electrical junction box which will necessitate involving Northern Powergrid (NPG) to transfer their power supply cables.

If there is anything you wish to discuss, please do not hesitate to contact me.

Kind Regards,

Project Manager (Parish Lighting)  
Mr P. Ball
