SKEEBY PARISH COUNCIL

“Streetscape have been with us every step of the way and Matthew has had a very calming and reassuring influence on the whole process right from the beginning from suggesting where we could go to obtain funding, visiting the sites and advising on the various different pieces of equipment and which would suit the spaces best and appeal to our target market and designing the layout and plans for each park. Nothing was ever too much trouble and Matthew was always helpful when plans needed changing or we changed our minds with what equipment we wanted from the wide variety available. Once we had finalised the plans the equipment was ordered and soon after installed quickly, efficiently and professionally. Even with a tight deadline to meet, we had organised a party in the park to celebrate both the new park and the Queen’s birthday, Streetscape pulled out all the stops to ensure that the work was completed on time. The new children’s equipment has met the approval of all the children in the village as well as many from outside the village who have also been using the new facilities. The adult fitness equipment has also attracted more adults to use the community park and is being well used. I would definitely recommend Streetscape without hesitation for providing high quality equipment installed quickly and professionally and fantastic customer service.”

Jo Richardson – Skeeby Parish Council.

HUNTON PARISH COUNCIL

“We found Matthew to be professional, knowledgeable and at all times helpful. We like the fact that Streetscape is local to us. We value the ‘extra mile’ that Matthew put in to support the needs of this parish council (such as attending a village open day to provide information and answer questions about the project). The equipment was installed quickly and carefully. At this stage we are very pleased with the service that Streetscape have provided. We hope the equipment will provide many years of happiness for the children in our village.”

Robert Wyatt – Hunton Parish Council.

MURTON PARISH COUNCIL

“Excellent service was received from start to finish. Streetscape were only a phone call away if you had any questions and were involved in our consultation events prior to order. Would definitely recommend as company of choice.”

Lesley Armstrong – Clerk to Murton Parish Council.
