Tel [REDACTED]

Dear Sir, I have lived in Keldholmes
for 32 years. It is a lovely ^{hamlet} village
with character in an idyllic
location. It is on the outskirts
of the Yorkshire National Park.

I have been informed that
Carrie Brackstone & John Sugars
are putting in an application
to convert a dwelling from and
a small section of farmland.

I have known Carrie for 30
years and ^{into living accommodation} would welcome her
& the family into this area.

The daughter ② disabilities

Ruby is disabled with ~~disabled~~ and has medical needs & difficulties with her eyesight in future years.

The building that Carrie & John wish to purchase would be ideal for Ruby's future

The ground floor plan is extensive and would give Ruby space for her needs on the ground floor.

I am also aware that, that, ~~she~~ Ruby has been shielded in Pickering for 6 months and stuck inside.

The property in Keldholme would offer this little girl a lovely life inside and outdoors with all the open countryside & maybe sheep and hens.

③

The foregoing sums up
my opinion of the
necessity for the allowance
of the conversion of this
building.
