

Kirkbymoorside Town Council
Information for the meeting on Monday 19 June 2023

14. Development of Kirkbymoorside Cricket and Football club premises

a. To receive correspondence from North Yorkshire Council on the latest position regarding the CIL funding application

Date: Fri, 09 Jun 2023

Dear Ms Bolland

I am writing to update you on the latest position regarding your application for CIL funding which was recommended by the former Ryedale District Council.

The Executive of the North Yorkshire Council is due to consider the requests for funding for you and other applicants at its meeting on 20 June 2023. A report is due to be published next Monday and will consist of a public report and a confidential appendix that will set out the rationale for the recommendation for the decision relating to your application. As a matter of courtesy I am sharing the recommendation of officers in that draft report. I would point out that the decision rests with the Executive and they will make that decision on 20 June. More information will be available in the report as to the nature of the recommendations etc and that report will be available on the public website on the evening of 12 June 2023.

The report recommends that your request for grant funding is not supported. The recommendation in the report is that CIL is earmarked for school buildings works in the former Ryedale area. The report includes the following excerpt relating to your particular proposal :-

High priority. Evidence of need. Strategic and NGB support. Would improve accessibility and provide facilities for women/girls. Deliverable. Match in place. Positive scheme but deemed lower priority.

I am sure you are disappointed by this recommendation and the report also highlights that we would wish to work with you and others in order to progress the proposals where supported by looking at alternative funding sources. I also appreciate that you may well feel that you have carried out a significant amount of work in submitting your proposal and I am sorry if that is the case, particularly as the County Council had advised that that they did not believe the CIL grant programme should have been launched in the first place.

I would ask that you await the report should you have any further questions and if there are any after that point then I will seek to answer them and / or pass them on to the appropriate colleagues.

Regards

Gary Fielding

Corporate Director, Resources
North Yorkshire Council

b. To note the Executive of the North Yorkshire Council is due to consider the requests for funding at its meeting on 20 June 2023
