**11. To note due warranty expiry of the defibrillator at the sports field and consider the replacement cost of £850 + VAT with a 7 year warranty**

The iPad SP1 defibrillator detailed below is nearly out of warranty. To ensure continued reliability and safety in case of an emergency, WelMedical recommend considering the replacement of the device. Keeping your defibrillator in optimal working condition supports public health and safety.

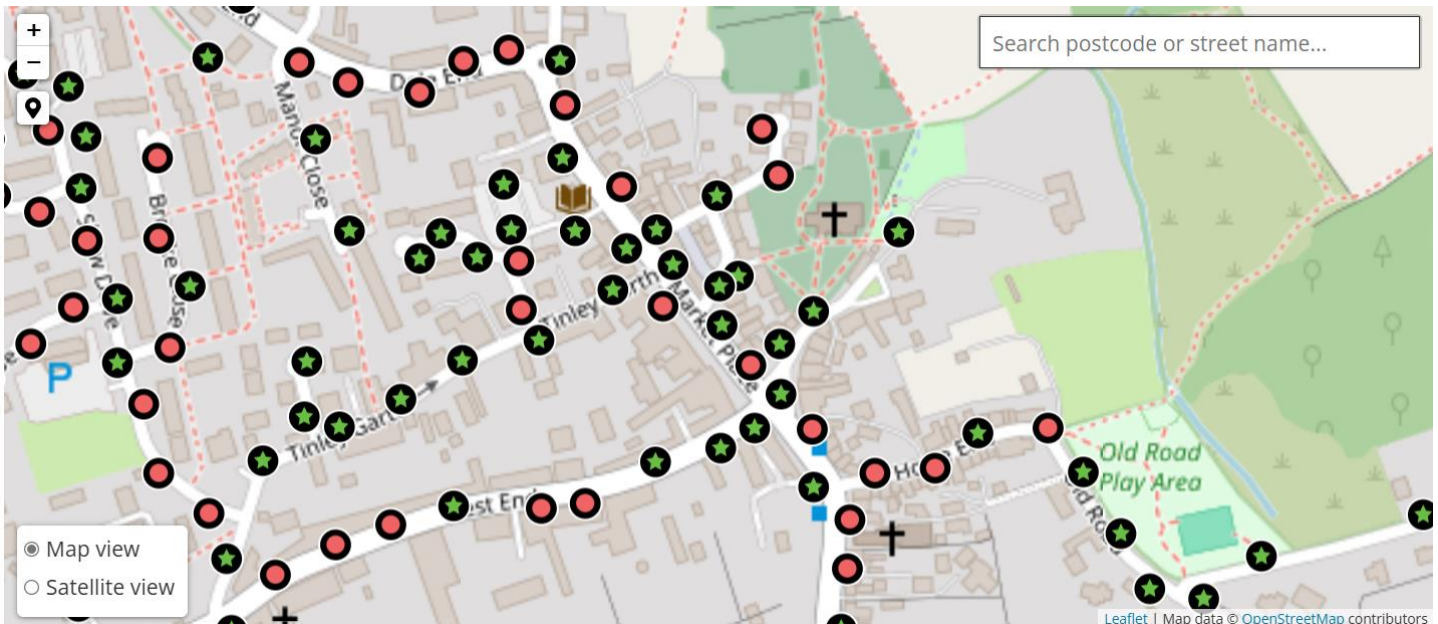

**Defibrillator serial number** G1N50H0014

**Purchase Date** 24/05/2016

welmedical would like to support your replacement purchase with the **discounted offer of £850.00 +VAT** with the choice of a like-for-like device of the **iPAD SP1** (Semi or Fully-Automatic options available) or upgrade **for the same price** to the **iPAD SPR** (Semi-Automatic) all with a 7 year warranty, which is extended for a further 3 years when registered directly with Wel Medical within 3 months of purchase - quote **Legacy2024**.

Whilst retaining the familiarity of the iconic iPad SP1, the NEW SPR has an industry leading IP rating of 66 ensuring high resistance to the outdoor elements - ideal for hazardous UK weather environments in public access locations.

14. To consider a review of the timings of the town street lighting schedule

● red indicates the lantern is already part night (off from midnight to 5am)

★ green indicates the lantern is on all night

North Yorkshire Council Street Lighting Part Night Photocell Selection Criteria:

A Street light can be part night lit provided NONE of these criteria applies:

1. Main traffic routes and road junctions.
2. Significant nighttime RTCs.
3. Hazards: traffic calming, bumps & crossings (except 20mph) e.g. chicanes, build-outs, but not traffic islands.
4. Town centers with nighttime activity.
5. Council or Police CCTV operational areas.
6. 24-hour operational emergency services (including hospitals).
7. Lights outside registered sheltered accommodation & warden controlled accommodation
8. Significant relevant nighttime crime or anti-social behavior.
9. Wayfinders.
10. Not Adopted yet.

Recommendation by Mike Hawtin, Head of Nature Recovery Projects, North York Moors National Park Authority, in the interest of supporting Dark Skies, is part night lighting which goes off at midnight and back on at 5am.

**18. To receive information on the Ministry of Housing, Communities and Local Government High Street Rental Auction policy**

The Ministry of Housing, Communities and Local Government is holding an event on the 21<sup>st</sup> November to launch the High Street Rental Auction policy. The department has reached out to landlord groups, tenant groups, businesses, community groups, place making groups, commercial marketing agencies and surveyors already but we wanted to make you aware in case you wanted to share with your networks. Details of the event and the link to register are included below.

**High Street Rental Auction event – book your space now!**

New legislation known as High Street Rental Auctions is expected to be in force later this year. The new power will give councils the right to auction off the leases of persistently vacant commercial properties on high streets for up to five years.

To find out more, there is a **free national showcase event on 21 November, 10:00am – 1:30pm at the Grand Station Hotel, Wolverhampton**. The event will be formally opened by Alex Norris MP and will include an introduction to the new power, the process involved, implementation and tools available followed by a buffet lunch from 12:30.
