

Kirkbymoorside Town Council
Information for the meeting on Monday 16 December 2024

8. Community Resilience Plan

e. To receive information on free community emergency conferences for North Yorkshire and York

You are invited to attend one of our free community emergency conferences for North Yorkshire and York. They are being hosted by the emergency response organisations, looking at how communities work alongside them during response and recovery.

We are hosting three conferences across North Yorkshire - join us for a morning filled with discussions and practical scenarios around community emergency support. There will be networking opportunities with other communities and emergency response officers. This in-person event aims to bring together communities, parishes, emergency responders, and voluntary organisations to look at how we can respond together during a short term incident response or a longer term community recovery.

No previous knowledge or experience of emergency support is required and any community is welcome. Lunch is provided afterwards.

Don't miss this chance to talk to others, exchange ideas, and strengthen our community's resilience in the face of emergencies. Whether you're a seasoned professional or just starting out, there's something for everyone at the North Yorkshire Community Emergency Conference. See you there!

- Eastern area conference Tuesday 11th March 09:30-12:30 at the Emergency Planning College, Easingwold:
