

Kirkbymoorside Town Council
Information for the meeting on Monday 21 July 2025

10. **Moorside Room energy efficiency (pursuant to Minutes 25011, 25042 and MR 25005)**
 - a. **To note completion of works to install replacement windows to the front elevation**
 - b. **To note the allocation of £4060.00 + VAT for works to upgrade the heating (supply and installation) and the balance of allocated funds of £2513.54**
 - c. **To note authorisation by the Town Clerk for emergency repairs of a water leak at a cost of approximately £180, in accordance with Financial Standing Orders**
 - d. **To consider the installation of a Bleed kit cabinet adjacent to the Defibrillator cabinet in support of North Yorkshire Council Community Safety**

As a part of Community Safety and tackling Serious Violence and Crime in the Ryedale locality. We are seeking to install "Bleed Kits" in the main towns. We have collated the stats and worked alongside the police to establish priority areas and those that would benefit from one being installed.

There is currently a defib at the proposed location, these locations would be best suited to install another cabinet alongside, containing a "Bleed Kit". the purpose is the exact same concept as the defib, except it contains specialist equipment for controlling heavy bleeds, it can be used after vehicle collisions, violent/knife incidents etc..

Please could you confirm if you support the installation of a Bleed kit adjacent to the Defib. The management and upkeep would sit with Community Safety and no responsibility would be placed on yourselves other than to report to us if damaged etc.

Please see the following link which includes details of the equipment- [Locked Emergency Bleed Control Cabinet – Kit Optional - Turtle defib cabinets](#)

I am happy to discuss further but if you are happy, please complete and return the attached form

Thanks James

James Draper
Community Safety Officer

I, the building owner/manager of The Moorside Room, 9 Church Street, Kirkbymoorside YO62 6AZ, agree and give permission to have an Emergency Bleed Kit Cabinet installed onto the exterior of my building.

I understand the Emergency Bleed Cabinets are owned by North Yorkshire Council.

If I find any issues/damage with the cabinet on my building, I will report these immediately to my local Community Safety Hub in North Yorkshire Council.

The contents of the Emergency Bleed Kits should only be used for their intended purpose. If the equipment is required, please call 999 and request the access code.
