Provide a <ul style="list-style-type: none"> <li>detailed description of the project</li> <li>evidence of the need for your project,</li> <li>and show who will benefit from it</li> </ul>	<p><b><u>Description</u></b></p> <p>The Kirkbymoorside support group offers carers the opportunity to share concerns, receive positive support and simply take a break from their caring role in a setting offering friendly companionship. The group decide amongst themselves how they would like the meetings to operate. In the summer months they prefer to go out to local tearooms and in the winter months they will often meet in Manor Close Community Centre in Kirkbymoorside and Ryedale Carers Support will arrange a speaker or they'll play whist or dominoes. The speaker can be informative, for example on benefits available to carers and the people they care for, or fun, for example they have had a talk on 'the history of the afternoon tea.'</p> <p><b><u>Evidence of Need</u></b></p> <p>We know that in Ryedale there are thousands of carers whose work and dedication to the people who need their support is crucial to the ongoing operation of the local health and social care system and, indeed to the wider economy. Recent national research has shown that the economic value of the contribution made by informal carers each year in the UK is significantly more than the amount spent on social care services for adults and children by local authorities each</p>

	<p>year. The Census figures highlight that there are 5095 people who provide unpaid care in the Ryedale district, 935 of these unpaid carers provide for 50+ hours a week, this is the third highest percentage across the sub region. The profile of the population in Ryedale is projected to continue to age, with a significant decline in the number of young people and more significant increase in the elderly population. By 2027 it is estimated that the population of Ryedale will have increased by 12% to 59,300. Ryedale Carers Support will become an essential part of the support network for carers and our support groups are part of this network.</p> <p><b><u>Who will Benefit</u></b></p> <p>The specific aim of the support groups is to enable carers to meet other carers, have fun and share experiences and provide mutual support. The benefits to the carer can be measured in the following outcomes:</p> <ul style="list-style-type: none"> <li>• Carers are supported to stay mentally and physically well</li> <li>• Carers are empowered by shared knowledge and experiences</li> <li>• Increased confidence, motivation and independence</li> <li>• Enhanced wellbeing within the care and cared for relationship</li> </ul>
