Dear Stakeholder

Proposed reductions to bus service subsidy

We are writing to you as a stakeholder who we would like to seek comments from as part of our consultation in relation to "Proposed reductions to bus service subsidy". The consultation sets out our proposals to reduce bus subsidy support by £1.1m pa and is an open public consultation.

You can view the consultation papers by logging into the North Yorkshire County Council's website and clicking on the link on the front page or by copying the following address into your internet browser <http://www.northyorks.gov.uk/busconsultation>. If you are not able to access the information electronically, printed information is also available from all North Yorkshire Libraries or by contacting our customer service centre on the above number.

Please be aware that if you choose to print the information from your own computer, the entire County Wide information amounts to over 220 pages. We have therefore broken the detail down into District Council Areas so people can be more selective about what they print.

The consultation papers include a questionnaire on the proposals which we would encourage you to complete and look forward to receiving any comments you or your organisation may have on the proposals.

Yours faithfully

Integrated Passenger Transport Team
