Dear Mrs Bolland

Further to our conversation earlier, please use the link at the end of this email to download an Employer Contribution form to start a HL Vantage SIPP.

Within the Vantage SIPP you are free to make your own investment decisions but remember the value of all investments can fall as well as rise so you could end up with less than you invest. They should therefore be held for the long term.

Please remember: you can benefit from your SIPP when you retire, usually only possible from age 55. At retirement, most people can currently take up to 25% tax-free cash and a taxable income from the rest. Tax rules can change and reliefs depend on your personal circumstances.

Our service is non-advisory. If you are unsure of the suitability of an investment for your circumstances, please contact us for advice. We can arrange this for a separate charge.

Before applying please ensure you have read and understood the [Key Features](#), [Terms & Conditions](#) and [Important Investment Notes](#).

[Employer contribution form](#)

Once completed, please return this form to:
