Dear parish / town clerk **Kirkbymoorside**

You will recall that I wrote to you in November 2015 to update you with regard to the changes that will affect urban highway grass cutting in 2016/17.

I stated that the minimum rate that we would be paying parish and town councils would be 6p per m² and that this was subject to further consideration and a final rate for 2016/17 would be confirmed at a later date.

I apologise for the delay in this letter; however, I can now confirm that the payment will be 6p per m² as previously notified.

Urban grass cutting payments 2016/17

We will continue to fund five cuts per year of the visibility grass. The area of grass that we will fund has not changed from 2015/16. Details can be found at www.northyorks.gov.uk/verges

The funding for grass cutting of urban highway visibility splays to your Parish Council for 2016/17 will be **£982.62**

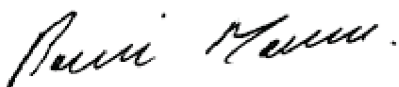

We will make payments in a similar way to this year (2015/16), and will supply a purchase order to your parish in summer 2016, so that you can invoice the County Council.

I would like to take this opportunity to thank you for your assistance in this matter which is greatly appreciated.

Further information

If you have any further queries regarding urban highway grass cutting please contact highwayassetmanagement@northyorks.gov.uk

Yours Sincerely

BARRIE MASON
Assistant Director
