Dear Ms Bolland

RE: Footpaths Winter Maintenance Schedules 2016/17

In preparation for the 2016/17 winter season I enclose last year's schedules for your information. If you require any amendments please update the enclosed schedule and return to us. Please note that any amendments will be subject to available resources.

**It is important to realise that NYCC will only instruct Streetscene to treat Priority 1 areas when there is snowfall. When this is the case, NYCC will be invoiced and not the Parish/Town Council.**

For your information, we work to the following specification regarding servicing priority areas across the district:

- **Priority 1** – These areas are busy shopping areas and main pedestrian footways or specific high risk areas and will be salted by 9.00am.
- **Priority 2** – These areas will be salted after priority 1 areas have been completed and in most cases before 12.00pm.
- **Priority 3** – These areas will take least priority and will only be salted once priority 1 and 2 areas have been completed, where it is considered appropriate

Please can you also specify how the gritting will be authorised, there are two options: -

**Option 1 – Streetscene Operations will assess** the situation based on weather reports and conditions at 5.30am each morning. If deemed necessary, Streetscene will deploy staff to Priority 1 areas in the first instance and then 2 & 3 if required.

**Option 2 - You will confirm by 4.00pm** your requirements for the following day. Please note that failure to notify us may mean that resources have been deployed elsewhere if salting is required the same day.

The rates for treating and clearing footways in 2016/17 are as follows: -

**Labour: -**

Normal Time	£23.40/hr
Overtime	£32.70/hr
Sunday/Bank Holidays	£47.30/hr

**Vehicles: -**

Van	£10.30/hr
Pickup	£21.65/hr
Trailer	£5.15/hr
Mini Tractor	£33.85/hr
Snow plough	£56.65/hr

---

You will be charged on a monthly basis and invoices will be sent at the beginning of each month for the work carried out in the previous month.

Please can you confirm, no later than Friday 11 November, how you would like Ryedale District Council to carry out winter maintenance in your area and any changes to categorised areas.

If you have any queries regarding this information, please do not hesitate to contact me on the number shown below.

Yours sincerely

Nicki Lishman  
Community Services Support Officer
