

Dear Resident

Temporary Relocation of Mini Recycling Centre Kirkbymoorside

I am writing to inform you that it will be necessary to temporarily relocate the mini recycling centre from the layby adjacent to Kirkbymoorside Primary School into Town Farm Car Park.

Arrangements are being made to relocate the mini recycling centre during the week commencing W/C 05/04/2021.

This action is necessary to enable civil works to be undertaken to resurface and alter the road junction as part of the development at Westfield Manor it is expected to take 2 months to complete.

The mini recycling centre will be located in the car park to minimise any disruption to residents in the area as shown on the attached map and Streetscene staff will monitor the site regularly every day as part of their scheduled work programme.

Once the civil works are completed the mini recycling centre will be relocated back to the new road adjacent to Westfield Manor.

The Council is also planning a refurbishment of all mini recycling centres to encourage residents to recycle more for Ryedale and further details of this will be communicated in due course on our website and through social media.

Please do not hesitate to email streetscene@ryedale.gov.uk if you have any further questions regarding this matter.
